INTERNSHIP & WORKING EXPERIENCE

Etomon - UX/UI Designer

06/2019-09/2019 · 5 days/week

I was responsible for designing the whole email system for the company, the official website and icons, conducting user testing, building information architecture, as well as designing flow chart. I used to bring some new ideas to enhance user stickiness.

Zoe Creation LLC - UX/UI Designer

06/2019-09/2019 · 5 days/week

I was responsible for designing the official website for the company and designing websites for our clients. Our clients includes law firms, retailers, galleries, etc.

Graduate Research Assistantship

09/2018-12/2018 · 5hr/week

Pratt Free School is a day of free classes open to the public and taught by alumni from the Pratt Graduate Communications Design Department. I assisted professors to do research about users, venues, topics, speakers and design the booklet for the event.

AWARDS AND CERTIFICATES

2nd Runner up of "Reboot the Earth"

09/2019 - by United Nations Technology Innovation Lab

As the only one designer in the team, I was in charge of flow charts design, information architecture and interface design.
